President's Message

*By Jo Simpson,
Sierra League & Sierra Council
President*

Our almost normal ski season is winding down. It's been so great to be in the lodges and to enjoy social gatherings.

With the end of the ski season comes the Far West Ski Association annual convention. After a postponed 2021 convention in October in San Diego, we are returning to the usual June convention which this year is in Portland, OR June 9-12. I hope we have a good contingent from Sierra. Check out the schedule of activities listed in the flyer later in this newsletter.

Sierra League and Council is entirely run by volunteers. I want to especially thank Nan Carnal for running our racing program and Carlene Boutacoff for administering our travel program. Both of those programs require tremendous amounts of time. Corey Doolin oversees our direct members and Mark Ostroff recruits hill workers for our races. Beth Perryman edits our newsletter and Pavel Bosin takes care of our website. Pat Ostroff is our secretary.

Stay tuned for our annual end of season gathering announcement.

See you on the slopes!

Jo

RACING NEWS, w/Nan Carnal, Sierra League Race Director

Season recap: It was so great to be able to return to league racing after the past two years of early resort closure (2020) and no racing (2021). Resorts are still grappling with the aftermath of COVID effects, loss of staff, etc. As a result, we suffered two race cancelations, but with help from Alpine Meadows, we were able to add an additional race there. In all, 5 races (of 6) were completed this season, including a long-awaited return to a GS at Northstar. We had excellent Sierra League racer participation in all events and it was so enjoyable to see all our old racing buddies and to welcome some new racers as well.

Sierra League junior racers show off their gold medals at the Far West Racing Association 2022 Championships. L-R: Luke Parkhurst, Laine Parkhurst, Alexandra Duckworth, and Avery Cronin.

Thanks to Debi Phelps, Open League race director for her leadership in putting the race season together. And thanks to all Sierra racers who volunteered on the hill to make our races happen. Special thanks to Mark Ostroff for onhill co-ordination and Bill Ramoni for Bib Management. Running these races is truly a team effort and everyone's input is definitely needed, appreciated and applauded!

Sierra Leagues' results at the FWRA Championships, April 9-10, at Mammoth Mountain, were outstanding! Twenty-Five Sierra League racers participated and earned the highest GS, SL and overall competition point totals. Our four junior racers were also awesome, taking first place in the junior division. So exciting! Great job to all and congratulations to all racers and especially those earning strikes and bumps. See all race results at: www.sierraleague.com.

FRANK APP SCHOLARSHIP - Recipient Update

Charles Zaretsky, a 15 year old ski racer from Reno attending Galena High School, is the 2021-2022 Frank App Memorial Scholarship winner.

Nevada High School State Ski Racing Championships were held at the end of February, 2022 at Mt Rose Ski Tahoe Area. Charles was the boys' overall winner at the state meet finishing first in both Slalom and GS.

In March, the Western US High School Championships were also held at Mt. Rose Ski Tahoe. Top young ski racers from across the western states competed in Slalom and GS, including top finishers from the Nevada State High School ski racing championships. Charles placed fifth in GS at this event.

The picture to the right is Charles winning the boys GS race at the Nevada State High School Racing Championships held at Mt Rose.

Far West Ski Association Ski & Board Week 2023

Sierra travelers, *STAY WILD* and join your fellow council members for:

SKI WEEK 2023, Jackson Hole, Wyoming

January 21st-January 28th, 2023

Jackson Hole is an amazing ski resort with 2,500 acres of inbound terrain (133 named trails) on two mountains, Apres-Vous and Rendezvous.

The mountain offers a variety of terrain (50% expert, 40% intermediate and 10% beginner) including extreme leg burners, stash parks and rolling blue groomers. You can ski from 10,450 feet down to 6,311 feet in one run!

The ski resort will be on the **IKON** pass next season AND if you purchase your pass through our tour operator at <https://go.tripstorm.app/#!/22ikonfwsa>, you will receive a discount on your Ski Week package.

Our council lodging options are situated in the town of Jackson at the **Snow King Resort** (www.snowking.com) and **Elk Country Inn**. (<https://www.townsquareinns.com>).

The “mountain” and our rooms are well connected by a 15 minute bus ride on the public bus system and shuttles offered by our hotels.

The town of Jackson offers plenty of nightlife, shopping, and great restaurants.

All our lodging choices are a short walk from the action. Wooden sidewalks, hitching posts and western saloons, contribute to the “Wild West” atmosphere.

Have you heard of the *Million Dollar Cowboy Bar*??

Registration forms and additional information are located on the Sierra League & Council website at <http://www.sierraleague.com>; and in the following pages of this newsletter or contact your trip leader, Carlene Boutacoff for a packet at: cboutacoff@gmail.com.

Sign-up NOW as this trip is filling up quickly!

2023 FWSA JACKSON HOLE SKI WEEK

January 21—January 28, 2023

SPORT PARTICIPANT RELEASE OF LIABILITY, WAIVER OF CLAIMS, EXPRESS ASSUMPTION OF RISK AND INDEMNITY AGREEMENT.

PLEASE READ AND BE CERTAIN YOU UNDERSTAND THE IMPLICATIONS OF SIGNING.

Express Assumption of Risk Associated with Sport, Venue Use and Related Activities.

I, _____ do hereby affirm and acknowledge that I have been fully informed of the inherent hazards and risks associated with all activities of the **FWSA Jackson Hole Ski Week Trip** including but not limited to alpine skiing, snowboarding, tubing, and tobogganing, certain additional risks, dangers and hazards including, but not limited to boarding, riding, and disembarking ski lifts, transportation of equipment related to the activities, and traveling to and from activity sites in which I am about to engage. **Inherent hazards and risks include but are not limited to:**

1. Risk of delays, inconveniences, theft, terrorism, crimes, personal losses, and mechanical problems.
2. "Acts of God" or other actions taken by governments or their civil authorities, or common carriers that would impede FWSA's delivering any or all the contracted services, may result in injury, inconvenience, travel deviations, or unexpected cancellations relating to such risks or events, and are not within FWSA's control.
3. Participation includes possible exposure to and illness from infectious diseases including but not limited to MRSA, influenza, and COVID-19. While rules and personal discipline may reduce this risk, the risk of serious illness and death does exist; and,
4. I KNOWINGLY AND FREELY ASSUME ALL SUCH RISKS, both known and unknown, EVEN IF ARISING FROM THE NEGLIGENCE OF THE RELEASEES or others, and assume full responsibility for my participation; and,
5. I willingly agree to comply with the stated and customary terms and conditions for participation as regards protection against infectious diseases. If, however, I observe any unusual or significant hazard during my presence or participation, I will remove myself from participation and bring such to the attention of the nearest official immediately.
6. Possible equipment failure and/or malfunction or misuse of my own or others' equipment.
7. I agree that I will wear approved protective gear as decreed by the Governing Body of the sport/activity I am participating in. However, protective gear cannot guarantee the participant's safety.
8. Variation and/or steepness of terrain, variation or changes in surfaces including but not limited to, ice, bare spots, rocks, stumps, debris, cliffs, trees, fences, posts, trees, light poles, signs, buildings, roads, walkways, ramps, rails, stairs, padded and non-padded barriers, other persons, and other natural and man-made hazards.
9. Risk of injury from the activities of travel could be significant including the potential for broken bones, severe injuries to the head, neck, and back or other bodily injuries that may result in permanent disability and death.
10. My own negligence and/or the negligence of others, including but not limited to operator error and guide decision-making including misjudging terrain, weather, riding surfaces or other obstacles.
11. Exposure to the elements and temperature extremes may result in frost nip, frost bite, heat exhaustion, heat stroke, sunburn, hypothermia, and dehydration.
12. Dangers associated with exposure to natural elements include but are not limited to avalanche, rock fall, inclement weather, thunder and lightning, hurricane, severe and or varied wind, temperature, and other weather conditions.
13. Fatigue, exhaustion, chill, and/or dizziness, which may diminish my/our reaction time and increase the risk of accident.
14. Impact or collision with other participants, spectators, facility, employees, pedestrians, motor vehicles, and cyclists.

***I understand the description of these risks is not complete and unknown or unanticipated risks may result in injury, illness, or death.**

Release of Liability, Waiver of Claims, and Indemnity Agreement

In consideration for being permitted to participate in the above-described activity(ies) and related activities, I hereby agree, acknowledge, and appreciate that:

1. **I HEREBY RELEASE AND HOLD HARMLESS WITH RESPECT TO ANY AND ALL INJURY, DISABILITY, DEATH, or loss or damage to person or property, WHETHER CAUSED BY NEGLIGENCE OR OTHERWISE, the following named persons or entities, herein referred to as releasees: Far West Ski Association (FWSA) and their directors and officers, FWSA Ski Councils and their directors and officers, FWSA Ski Clubs and their directors and officers, Far West Race Association (FWRA) and their directors and officers, and their successors and assigns.**
2. To release the releasees, their officers, directors, employees, representatives, agents, and volunteers from liability and responsibility whatsoever and for any claims or causes of action that I, my estate, heirs, survivors, executors, or assigns may have for personal injury, property damage, or wrongful death arising from the above activities whether caused by active or passive negligence of the releasees or otherwise. By executing this document, I agree to hold the releasees harmless and indemnify them in conjunction with any injury, disability, death, or loss or damage to person or property that may occur as a result of my engaging in the above activities.
3. By entering into this Agreement, I am not relying on any oral or written representation or statements made by the releasees, other than what is set forth in this Agreement.
4. This agreement shall apply to all injury, disability, death, or loss or damage to person or property occurring at any time after the execution of this agreement.
5. As a participant, I agree for myself, my heirs, executors, anyone entitled to act on my behalf, to release and discharge FWSA from any and all claims of injury or damage suffered by me as a result of my participation in or travelling to or from the tour.

This release shall be binding to the fullest extent permitted by law. If any provision of this release is found to be unenforceable, the remaining terms shall be enforceable.

I HAVE READ THIS RELEASE OF LIABILITY AND ASSUMPTION OF RISK AGREEMENT, I FULLY UNDERSTAND ITS TERMS, I UNDERSTAND THAT I HAVE GIVEN UP LEGAL RIGHTS BY SIGNING IT, AND I SIGN IT FREELY AND VOLUNTARILY WITHOUT ANY INDUCEMENT.

FWSA NA Travel 3-14-2023

FWSA TRIP CONDUCT POLICY

This policy applies to all persons participating on a Far West Ski Association ski week or trip. It is intended to maximize the enjoyment for all trip participants and provide guidelines for the FWSA Travel Staff, Council Trip Leaders, and assigned Trip Assistants. All trip participants are requested to observe common courtesy and generally accepted standards of social and moral behavior.

In accordance with Federal and State laws, the Far West Ski Association will enforce a "Zero Tolerance Policy" on illegal drug use at any FWSA sponsored event or trip. Failure to observe this policy will automatically remove you from participation in future FWSA events.

Participants shall adhere to the requirements of FWSA trip packages (e.g., lift tickets) and participants agree not to transfer, resell, or barter all or portions of that package. Only FWSA, or the issuing agency may compensate the participant for the unused portion or permit transfer. Failure to comply may result in exclusion from future FWSA events.

Alcohol and tobacco use is allowed in moderation and where permitted by law. FWSA Travel Staff, Council Trip Leaders, or assigned Trip Assistants, will ask a participant to cease any loud, obnoxious, or offensive behavior. Participants who refuse to cooperate will be reported to local security or local police.

Far West Ski Association maintains a strict policy prohibiting sexual harassment and harassment because of race, religion, color, national origin, ancestry, disability, medical condition, marital status, sexual orientation, age, or any other basis made unlawful by any applicable law or ordinance or regulation. Prohibited harassment in any form, including verbal, physical and visual conduct, threats, demands, and retaliation is unlawful and will not be tolerated. If, after a request to refrain from this behavior, the participant continues, FWSA Travel Staff, Council Trip Leaders, and assigned Trip Assistants may contact local security or local police. Profanity and off-color humor is only permitted if it is not offensive to other participants. Please stop the offensive behavior if asked by another participant, FWSA Travel Staff, Council Trip Leader, or assigned Trip Assistant.

Parents/Legal Guardians of minor children under the age of 18 are responsible for the supervision and behavior of their children. Children under 12 years will be under the direct supervision of their parents/legal guardians at all FWSA events. Parents/Legal Guardians are responsible for providing supervision of their children under 12 years of age during the time that they are attending a FWSA function without their children (e.g., children under 12 will not be left alone in the lodging rooms).

FWSA Travel Staff, Trip Leaders, assigned Trip Assistants, and/or FWSA Board of Directors will attempt to resolve problems in a mutually beneficial manner. When resolution cannot be achieved, FWSA Travel Staff, Trip Leaders, and assigned Trip Assistants have the authority to call on-site security or local police to resolve the problem. Participants may be excluded from a trip at their own expense and without reimbursement of trip expenses.

SAFETY - Spring Skiing Tips

“Spring Break & Beyond: Safety Tips for Skiers & Shredders
BY LOCAL LEXI \ MARCH 5 2019

The thrills of skiing and snowboarding in Utah’s sublime snow and terrain can be awfully distracting. So much so, that visitors and locals alike may often forget a few crucial safety tips in their anticipation of hitting the snow. The environments where ski resorts thrive tend to be quite extreme at times, and it’s important to take a few simple, yet vital steps to keep safe on the snow.

SUN SAFETY AND SKIN CARE FOR SKIERS AND SNOWBOARDERS

What you may not realize is that Utah is perfectly positioned to create a trifecta of factors that enhance and increase the risks of sun damage. The high elevation at ski areas, the sparkling snow, and the southerly latitude exacerbate the effects of overexposure to the sun. Snow can reflect up to 90% of sunlight and UV rays, increasing your exposure to damage. This is even true of cloudy days because sunlight can still filter through the cloud layers.

Lasting sun damage is a poignant risk for skiers and snowboarders, especially ski area employees or those who head to the mountain on a regular basis. Sunburn is initially painful and uncomfortable, but long term sun exposure at altitude can result in wrinkling, blotchiness, premature aging, and skin cancer.

Dr. Christopher Hull with the Dermatology Services at the University of Utah Health had many sobering facts to share about the incidence of skin cancer in local ski area employees. Thanks to the Huntsman Cancer Institute and a pilot program called Sun Safe on the Slopes, free skin care screenings were offered to resort employees at Snowbird, Deer Valley Resort, and Park City Mountain. Dr. Hull reported that the incidence of skin cancer in this population was far higher than average and their findings spurred the quest to educate more employees and ski area guests about the importance of sun safety in Utah and at high altitudes.

Dr. Hull confessed, “You don’t often think about sun exposure while skiing because your body is covered up and the temperature is cold.” He recommends, “Any exposed skin needs sunscreen of SPF 40 or higher”. For every 1,000 feet that you recreate above sea level, the UV exposure can increase by up to 6-10%. This means that at 11,000 feet, at the top of the tram at Snowbird, your UV exposure could be up to 50% greater than what you’d experience when sunning yourself at the beach! According to Dr. Hull, “The biggest and most important thing to remember is to reapply your sunscreen throughout the day.” He recommends a zinc-based sunscreen because it reflects the sunlight and provides the best protection.

- Don’t dare to bare! Resist the urge to don a headband; you’re better off with a helmet.
- Reapply OFTEN! It is recommended to reapply sunscreen every 2-3 hours.

SAFETY, cont.— Spring Skiing Tips

- Choose a zinc or mineral-based sunscreen of SPF 40 or higher.
- Opt for a thin buff or neck gaiter made of lycra, spandex, or a fabric with a tight weave for added sun protection of the face and neck.
- For lips, avoid high-gloss lipsticks or balms and choose a product with SPF. Reapply every 1-2 hours to prevent dryness, chapping, and sunburn.
- If you do find yourself sunburned, try calamine lotion, aloe, or Vaseline to reduce pain and irritation.

PEEPER PROTECTION

Recall that up to 90% of the sun's ultraviolet rays can bounce off the brilliant white snow surface back into your eyes. This means skiers and snowboarders are at a greater risk for snow blindness, corneal sunburn, eye cancers and macular degeneration. Long-term overexposure to UV radiation has also been linked to an increase in the incidence of developing cataracts. UV rays can prematurely wrinkle and damage the delicate skin around the eyes. Prolonged exposure to snow reflection can cause lasting and permanent damage to your eyes, which is why it is critical to always wear sunglasses or goggles when skiing or snowboarding or hanging out at the mountain. The arid climate you'll encounter at ski areas can also cause dryness and discomfort for your eyes. Dr. Hull recommends using preservative-free eye drops to maintain comfort.

- Wear sunglasses that completely wrap around the face or tinted goggles to block glare and prevent permanent eye damage.
- Use lenses that are polarized with a UV400 rating, which filters out 99.9% harmful UVA and UVB rays.
- Polarized lenses will cut down on glare and enhance contrast on the reflective snow surface.
- Don't be fooled by cloudy days! Even on overcast days, UV rays penetrate through clouds and haze.
- Don't forget the après hour. If you remain outdoors, it's important to sport goggles or sunglasses once you finish up skiing or snowboarding.

FEEL THE FLOW - STAY HYDRATED

The combination of high altitude and Utah's notorious lack of humidity hard work to dehydrate skiers and snowboarders. Remember, Utah is basically a desert basin and that total lack of moisture is what makes the powder snow legendary and light. If you're working up a sweat, moisture loss can be exacerbated. Prolonged exposure to wind can also accelerate dehydration. All these factors point to the importance of hydrating while skiing or boarding. This is especially true if you are visiting from a lower elevation.

- Slip a small, flexible hydration bladder into your jacket pocket for hydration on the go.
- Polish off a glass of water at lunch or during a snack break.
- Each time you see a drinking fountain, grab a sip.
- If you must après, follow the golden rule and water yourself between drinks.
- Drink a glass of water or two before bed.

SAFETY, cont.— Spring Ski Tips

HELMETS ARE (STILL) COOL...

“You wouldn’t play football without wearing a helmet – same rule applies for skiing. Plus, helmets are way warmer than hats.” — Lindsey Vonn

The number of skiers and snowboarders sporting helmets these days has skyrocketed. The benefits of putting a lid on your dome are numerous and it shouldn’t even be a question when it comes to outfitting children with a properly fitting helmet. For more information, please see [Lids on Kids](#).

The most common head injuries in snow sports occur from falling and hitting snow or ice. For beginning skiers or snowboarders, this is a particularly common injury. A collision with another object such as a tree or signpost or another snow slider is the biggest risk factor. It is quite common for skiers or snowboarders to reach 25-40 mph on trails rated for intermediates. At these speeds, it is simply unwise to skip the helmet. While helmets cannot provide total protection, they can lessen the degree or severity of trauma to the head or brain. Be smart!

- Wearing a helmet does not give you permission to move recklessly about the mountain.
- Your best defense is to always ski in control, “Know the Code”, and be aware of your surroundings.
- Ensure you have a snug and properly fitted helmet. A helmet is only effective if it fits!
- Never use a bike or skateboarding helmet. Use a helmet specifically designed for snow sports.
- Don’t be the guy blazing down the hill with a flapping chin strap. Buckle up!
- Do not buy a helmet for a child to grow into. A helmet should always fit the user!

Skiing and snowboarding provide a sensation of freedom and a respite from the daily grind of life. Escaping to the mountains is a wonderful way to unplug and recharge. These few safety precautions can help you better enjoy your time on the snow. With a little effort and thought you can stay safer on the slopes.
